Project Monster Mash

Minutes from meeting, Friday, 02 November 2012 (Author: dac26)

Meeting Purpose: To check and ask questions about the design plan

Present: Alex was missing due to food poisoning

Circulation: all

Minutes Produced: 2/11/12

Version 1.0

Matters Arising/New business:

1. QA Manager Tom will be in charge of the test doc
2. Need to do test code before code. How will we be testing e.g. will be using JUnit to test which will be done by the coders. E.g. Test login: valid login, incorrect, what would happen if someone types 1000 characters?
3. Change title of and headers of document to project plan
4. Change methodology-Although the structure of the hand in documents leads us to waterfall, we can do incremental within this.
5. Hand in before 23:59:00 GMT on the 4/11/12
6. Post a link to the Gantt chart online
7. Fix risk assessment
8. Call the server side information deployment
9. Should aim for a rough draft for the test doc next Friday
10. Have done 1st draft of database design
11. Chris will implement changes to the latex doc]
12. Start coding now!

IIAM: Sam doesn't like using a nipple
